REASONS FOR ALLOWANCE

1. This is an Examiner's statement of reason for allowance.
2. Regarding the claimed terms, the Examiner notes that a "general term must be understood in the context in which the inventor presents it." *In re Glaug* 283 F.3d 1335, 1340, 62 USPQ2d 1151, 1154 (Fed. Cir. 2002). Therefore the Examiner must interpret the claimed terms as found on pages 1-21 of the specification. Clearly almost all the general terms in the claims may have multiple meanings. So where a claim term "is susceptible to various meanings, . . . the inventor's lexicography must prevail" *Id.* Using these definitions for the claims, the claimed invention was not reasonably found in the prior art.
3. The closest prior art Boylan et al (U.S. Pat. NO. 5,863,041) which discloses a system/method of playing a Pai Gow poker wagering card game. However, Boylan singularly or in combination fails to disclose the recited feature:
4. As per claim 1 and 12 "the dealer providing an additional award immediately from a payable to players who have placed the optimal or mandatory wager i) when that player's best five-card poker hand from the physical playing cards at the player's position equals or exceeds a predetermined rank and ii) when a best five-card hand for the dealer from the physical playing cards at the one dealer position is equal to or less than a predetermined rank".
